

Operitel and TekSource Corporate Learning Partner to Provide Microsoft E-Learning

Operitel Corporation, developer of the award winning LearnFlex™ learning management system, has launched a new partnership with TekSource Corporate Learning, a Microsoft Certified Partner for Learning Solutions. The partnership will provide Official Microsoft E-Learning courses at preferred pricing through Operitel's online application ITSkillBuilder at teksource.itskillbuilder.com as well TekSource Corporate Learning Announces Guaranteed to Run Learning

Toronto, Ontario ([PRWEB](#)) August 22, 2009 -- Operitel Corporation, developer of the award winning LearnFlex™ learning management system, has launched a new partnership with TekSource Corporate Learning, a Microsoft Certified Partner for Learning Solutions. The partnership will provide Official Microsoft E-Learning courses at preferred pricing through Operitel's online application ITSkillBuilder at teksource.itskillbuilder.com

"TekSource is a growing member in the Microsoft Partner Network, providing great training as a Certified Partner of Learning Solutions. E-Learning creates an opportunity when combined with instructor-led training solution for blended learning, allowing workers with technology focused jobs to keep their skills competitive in a tougher job environment. We feel that a partnership with TekSource is a natural fit for both of us as we can work together to provide highly relevant and quality e-learning content in an affordable way," said Michael Skinner, President and CEO of Operitel Corporation.

"We are extremely excited to be working with Operitel Corporation to offer this service to the technology workforce. This partnership furthers our commitment to high quality skills development that has been the hallmark of our business as a Microsoft Certified Partner for Learning Solutions. We see the blend of Microsoft Official Courseware and Official e-Learning as a great way to enhance our client's learning experience. With the e-learning courses our students will have the ability to access virtual labs for 12 full months, providing a tremendous opportunity for them to apply and retain the skills they learned in the classroom, all without having to install products on their local systems," said Greg Black, Managing Partner of TekSource Corporate Learning.

In addition, TekSource Corporate Learning once again has shown its leadership in the Canadian IT training industry with the introduction of the Guaranteed to Run commitment.

TekSource recognizes that scheduling is a large factor in the training decision and the Guaranteed to Run commitment is yet another way that TekSource Corporate Learning sets itself apart and guarantees to maximize our clients training investment and to deliver on our promise of premium customer service. As a training industry leader we will deliver your course without cancelling or rescheduling due to low enrolment once your course has been guaranteed.

"TekSource recognizes that training has a direct impact on IT project timelines, and often staff training is critical to an IT project's success. Our Guaranteed to Run commitment along with the high quality of our training provides our clients the assurance that TekSource is the best choice for training especially when timelines are critical," said Greg Black, Managing Partner of TekSource Corporate Learning.

About TekSource

TekSource Corporate Learning is a training and learning solutions provider headquartered in downtown Toronto.

Founded in early 2008 TekSource has quickly become the leader in the delivery of interactive, on-demand, mentored training for IT professionals. TekSource staff are subject matter experts in corporate technology related training.

TekSource Corporate Learning focuses on training solutions within three core areas:

- Core Technology Training including: Microsoft Tech (Infrastructure, Development, SharePoint, SQL Server Database, Active Directory, Exchange), Programming (.Net, PL/SQL, Java, JSP, Visual Studio), Virtualization (Microsoft HyperV, and VMware), Linux, IT Security, Cisco, and Juniper.

- Technology Related Business Skills training including: ITIL, IT Project Management, and BA

- End User Application Training

Our services capabilities extend to content sourcing and development, learning management and training vendor management. TekSource is a Microsoft Certified Partner for Learning Solutions.
