FOR IMMEDIATE RELEASE

Operitel Corporation Partners with the Peterborough Regional Health Centre

Peterborough ON., May 7th, 2008: Operitel Corporation, developer of the award winning LearnFlex™ learning management system, partners with the new Peterborough Regional Health Centre.

“We are absolutely delighted that the Peterborough Regional Health Center has chosen a locally owned and operated company. Operitel will be working with the PRHC to track and manage the training and teaching that the PRHC provides to its staff. With a brand new hospital serving Peterborough and the surrounding communities, the need for a learning management system was evident. From administration of orientation training to departmental navigation, our LearnFlex learning management system is able to deliver a knowledge distribution that the PRHC can count on,” said Michael Skinner, President and CEO of Operitel Corporation.

“PRHC faced a daunting task in the administration of our orientation to the new hospital. When we went out to the marketplace, we were pleased it was a local company, Operitel, that offered just the solution we needed. Continuous learning is critical in health care, and we look forward to a fruitful, ongoing, partnership with Operitel to help us deliver the training and education our employees need to stay current,” said PRHC President and CEO, Paul Darby.

About Operitel
